Attachments to copy of letter (bcc: R.R. Aune
w/ attachments) of March 17, 1969, to
Mr. Charley Stafford of Amerada:

Mr. K.G. Reed
Amerada Petroleum Corporation of Norway
P.O. Box 2040
Tulsa, Oklahoma 74102
U. S. A.

Attention: Mr. Charley D. Stafford. 1969 --

Cover letter to C.V. Walton transmitting
copies of Reconnaissance Permit and its
transmittal letter, both with translations.

Subject: Reconnaissance Permit (License)

Dear Sir: Copies of Reconnaissance Permit dated
March 26, 1966 and its transmittal letter,
Reference your letter of March 12, 1969, subject as above,
both with translations.

Our reconnaissance permit (license) dated March 26, 1966
was issued under the Royal Decree of 9th April, 1965 for
a period of three years and expired on 31st December, 1968.
A requirement for the application for a new license is an
outline of the exploration program contemplated to be
conducted under the license. As we did not budget nor
anticipate any immediate off-license exploration activities,
we have not renewed this license. Should any further plans
require exploration programs in areas other than those
covered by our production licenses, we can then apply for
a new reconnaissance license.

This subject can be further discussed at our forthcoming
Operators Meeting in April.

Very truly yours

F.W. Popp
